

A hit in Turkey, Ezel has gone on to be a global phenomenon with hundreds of millions of viewers worldwide loving this high-end drama.

Ömer, a young man returning from military service, is set up by his friends and fiancé and ends up in prison for ten years. He fakes his own death in prison and manages to escape. He re-creates himself as 'Ezel' – a high-end gambler who is outwardly a successful man, but inwardly driven by one thing - his determination to understand why the people he loved betrayed him, and take his revenge.

Ezel has sold as a ready-made to over 90 countries, enjoying massive success around the world. Several major territories are also remaking the show, including Russia. Last December the show premiered on Mega in Chile and scores an average daily rating of above 25%. Following this success, major broadcasters across Latin America have licenced the show.
