A brand new series coming to Star Plus in India this Spring, Amla (Kya Kasoor Hai Amla Ka?) is the tale of a horrifically assaulted woman fighting a long battle for justice, and to find love again.

Amla is a normal young woman, who leads a peaceful life. She has plans to marry her childhood sweetheart and start a family. Then one night her whole world is destroyed. Walking alone at night, she is confronted by a group of drunken thugs, who attack and rape her. The incident is devastating, and Amla's distress is compounded when her fiancé leaves her, unable to get over the pain and betrayal he feels. In a spiteful twist, Amla is forced to marry an accomplice of her attackers, in order to protect his family name and honour. But as time passes, and through her search for justice, Amla ends up seeing a different side to her new husband-to-be...
