THE COST OF LIES

In a time when everything has a price but no value, what happens when a man who has tried to be a good person, father, and husband all his life must flip things upside down? The Cost of Lies is the latest hit series from O3 Medya.

Adem, a kind man and skilled artist, lives modestly with his wife Canan and their children, Arda and Naz. Formerly employed by the Central Bank as a fine artist and engraver, Adem now works at the mint, barely making ends meet. To surprise Arda, who has dyslexia, Adem prints a coin with his son's face, but this well-meaning gesture costs him his job and puts his family at risk of eviction. Faced with losing everything, Adem is tempted to cross a line he's avoided his whole life.

Enter Kartal, Adem's cunning, swindler brother, who convinces him to print counterfeit money. Kartal, a master of deception, lives on the edge, opposite to Adem's law-abiding nature. As the brothers join forces, their lives spiral. While the money brings power and wealth, it also introduces chaos and moral conflict. Canan and Adem are transformed by the greed and risks involved. What begins as a desperate attempt to secure their future ultimately threatens to tear their family apart. Temptation and trouble grow alongside their wealth, leading Adem to question what he has gained and, more importantly, what he stands to lose.

Meanwhile Kartal is entering a delicate balancing act, on the one hand leading his brother further down a crooked path, while at the same time becoming ever closer to the beautiful police officer Ayşe...

LIAR

A dramatic, tense and thrilling drama, Liar is an extraordinary series that grapples with tough issues in an unexpected way, asking difficult moral questions of the viewer as we seek the truth after a first date spirals out of control.

When Deniz, a bright and beautiful teacher, is asked out on a date by the father of one of her students, she is nervous but excited. But the morning after the date, Deniz and Mehmet Emir wake up with starkly different feelings; while he feels close to a woman for the first time since his wife tragically passed away, Deniz tells a very different version of events.

So, what happened that night? Nobody knows except Deniz and Mehmet Emir. They both describe the night differently. They embark on a tense, breathless adventure in pursuit of the truth. All they have to do is prove that the other is lying. Deniz files a complaint against Mehmet Emir. Mehmet Emir denies the accusation. There is no evidence that indicates any trace of an attack, and the case cannot proceed due to lack of evidence. Additionally, Deniz has a history of using antipsychotic drugs. She appears to be a delusional woman, while Mehmet Emir seems completely flawless.

With a deep sense of justice Deniz is determined to get public exposure for her case and prove that she is right: Mehmet Emir drugged and assaulted her. But as she struggles to tell her truth, Deniz faces an uncomfortable reality - she too must learn to be a liar to get the justice she craves.

THOSE ABOUT TO DIE

Charting the demise of Emperor Vespasian and the nefarious scheming in the battle for a successor, *Those About to Die* is a historical epic, starring multiple Oscar-winner Sir Antony Hopkins and *Game of Thrones*' Iwan Rheon.

Rome, 79 AD. During Emperor Vespasian's final days, a civil war brews between the ruling Flavians and wealthy Patrician families. Vespasian's heirs, the noble general Titus and political schemer Domitian, vie for the throne. Domitian allies with Tenax, a ruthless underworld figure in the Circus Maximus betting scene, to seize control of the gladiatorial games and circuses, aiming to bolster his political power and thwart Titus.

Entwined in the brothers' power struggle are Berenice, Queen of the Judeans and Titus' lover, who fights to save her enslaved people from slaughter in the Colosseum; Scorpus, a champion charioteer targeted by Tenax to join his new racing faction; the Corsi brothers, aspiring Spanish horse breeders ensnared in Tenax's schemes; and Cala, a Northern African trader seeking to rescue her enslaved children in Rome. Cala, while running Tenax's betting empire, forms a surprising romantic bond with him and plots to free her son Kwame, forced into gladiatorial combat.

As tensions mount, Tenax and Cala must manage their criminal operations under Domitian's dangerous influence, while Tenax faces terror from a mysterious stalker. Domitian navigates political threats from Palatine Hill, trying to outmaneuver Titus and Berenice. From the Emperor's palace to Rome's dark alleys, all our characters' fates hinge on the intense races and deadly games at the Circus Maximus and Flavian Amphitheatre.

After their father Dennis dies suddenly, siblings Sian, Daniel, and Chloe Watson are shocked to discover he left everything to a mysterious woman, Susan, who he secretly married during a 14-year affair. As they question their father's life and untangle his secrets, suspicions grow that Susan might be involved in his death, especially when the coroner halts Dennis's cremation, suspecting foul play. The family troubles spiral further as their own hidden truths emerge—Chloe knew about the affair, Daniel faces threats from Sian's ex-husband Glen over a debt, and Sian starts dating a new man, Nathan.

As the siblings investigate, they uncover troubling connections between Susan, their father's best friend Michael, and a man named James, hinting at a web of deceit and betrayal. When Michael dies by suicide and Susan is later murdered, the siblings' lives unravel further. The truth emerges: Nathan is actually James, Susan and Michael's estranged son, seeking revenge for his troubled past by manipulating and killing Dennis. In a dramatic showdown, Nathan tries to burn the siblings alive, but Glen intervenes, saving them. SUGAR DADDY

The most watched series in Ukraine in 2019, Sugar Daddy, is the latest hit comedy from the producers of the international sensation Servant of the People.

Merkulov, once a popular actor, is now old, tired, and broke, and he decides to end his miserable life. But he wants to go out with a bang, so he goes to a barber and a nice menswear shop, to look good for his funeral, then goes to a bar to drink away his sorrows one last time. Without a care he is soon buying drinks for everyone at the club, catching the attention of Liza, a young woman who likes the idea of a rich older man to take care of her.

The next day, the two wake up in Merkulov's shabby home with hazy memories of the previous night. Liza starts to remember how she dumped her boyfriend and is shocked to learn that Merkulov is not the Sugar Daddy she was hoping for. Yet now, kicked out of her boyfriend's apartment, she has to convince Merkulov to let her stay. The broke, suicidal old man at least has a housemate now...

Though they couldn't be more different, Merkulov and Liza have plenty to learn from each other: he helps her to appreciate more than the material aspects of life, while she shows him there is joy to be found in the modern world and plenty to live for.

Nurses looks at the professional and personal lives of four female colleagues who have very different ways of coping with the stresses of life on the trauma ward. The original is a huge hit in Finland, while alternative versions are available from Sweden and Slovakia.

This emotional medical drama takes a foot-soldier's view of the hospital chain of command. Not only do our characters have to deal with the life-and-death cases coming through their door every day, they also have to deal with rigid hierarchies, out-of-touch administrators and surgeons who don't see the actual people they treat, only chances to practice their new techniques. But it is the nurses who get to know the patients. With the human touch they find out things that matter to the people behind the case notes. With determination, strength and a very black sense of humour they achieve the weird, challenging and amazing task of saving lives in a system that sometimes seems designed to do the opposite.

The original scripts have been adapted and turned into hit dramas in their own rights in Sweden and Slovakia, while the Finnish original continues to delight audiences, with a 17th season recently airing on Ruutu.

CONSPIRACY OF SILENCE

A once corrupt arms dealer is on a mission, ready to bring down the man that took so much from him. But he is stopped in his tracks by a shocking discovery: he has a daughter he never knew existed, who has been raised by the man he is preparing to kill.

Former arms dealer Robert Kastell is on an impassioned mission for revenge. Having spent 30 years in exile after his escape from the corrupt Swedish weapons trade, Robert suffers a personal tragedy that he blames on the industry he left behind. He tracks down Anders Speths, the man that once lured him in to the trade and subsequently tried to have him killed. But what Robert doesn't know is that when he fled the country, he left behind an unborn daughter, who Speths since raised as his own. With an unexpected paternal instinct awoken, Robert's thirst for revenge is suddenly complicated, and tempered by his need to protect his daughter. With the help of a journalist, Åsa - who has her own personal agenda against Speths and the weapons trade - Robert must change his approach to bring down the man, and the industry, that took so much from him.

Love Child

A succession of young women face heartbreak and emotional turmoil at a Sydney boarding house, as they search for light in the darkness of forced adoption.

1969, Sydney: a boarding house where unmarried, underage women live and work during their pregnancy, before being promptly separated from their newborns. Insensitive male doctors, a stiff matron, a rebellious newcomer, a female doctor with a secret past, and an ensemble of pregnant female characters who are diverse in looks, life experience and attitudes populate this warm, heartbreaking and relatable drama. Stories of young women and men fighting an unjust system are as relevant today as they were in the colourful and liberating world of Kings Cross in 1969. Based on the real life forced adoption policy and nightmarish stories it produced in Australia, for which Prime Minister Julia Gillard offered a national apology in 2013, Love Child was a critical and audience hit on Channel Nine and is now racking up international sales, most recently selling out across every Nordic territory.
